The Pre-Decimal UK Coins CSV File (87 kbytes) is available suitable for loading into your favourite database or spreadsheet. This file has an exhaustive list of all years and denominations prior to decimalisation, but is not always as up-to-date as the information on the values pages. For Decimal Coins try the Decimal UK Coins CSV File (16 kbytes). This file is separate from the Pre-decimal file because only one grade is valued (two if a readily available proof exists).

The British Museum Catalogues of Coins was a series envisioned and initiated by Reginald Stuart Poole, Keeper of the Department of Coins and Medals, at the British Museum, between 1870 and 1893. The aim was to produce a scholarly series of catalogues of the collection, based on the British Museum's collection and other collections. The series continued after his retirement, and continues to this day, with the collection increasingly being made available online.
