Many children would find it helpful to realise that what they are going through is shared by others and quite normal and that it will get easier with time. I liked the exercises in the book which give children and young people an opportunity to access thoughts and feelings that may be confusing and express them in a way that is helpful.

Find a small step that you can take to explore your path. Dip your toes into the water, and see how it feels. If you don't like the way that things are developing, you can always switch your focus elsewhere. Perhaps you've always dreamed of being a musician, but you have no idea how you'd ever get to that point.

the right wall at the maze's entrance. For this technique to work, it's important to begin at the entrance. Too often, people will try to use this technique only once they've gotten lost inside a maze. Trying to do this in the middle of a maze will keep you lost.[1] X Research source

Step 2, Start walking, following the right wall. Always keep your hand along the wall for guidance. Walk ahead, away from the exit, until you reach an intersection or a dead end
