“naked” price chart. This means no lagging indicators outside of maybe a couple moving averages to help identify dynamic support and resistance areas and trend.

Action Trading Book 1
~~Price Action Trading Explained » Learn To Trade The Market~~

Access Free High Performance Price Action

Price action is among the most popular trading concepts because it is simple and it really works. Instead of looking at lagging indicators that are derived from the price, price action traders focus on technical analysis of the movements of the price itself, they look at candlestick patterns, trends, pivot points and major support and
