Use colors which complement each other. Like any other kind of design, website design relies on visually pleasing combinations of color; because of this, picking theme colors which go together is crucial. Black, white, and grey is a good combination if you don't know where to start.

How to Design a Website (with Pictures) - wikiHow

Draw a rough sketch of the design. You're better off putting pencil to paper in the initial stages of your logo design process. Sketching is a quick and easy way to get the ideas out of your head and on to paper where you can evaluate them more easily. Plain white paper or simple graph paper make good backgrounds for your pencil sketches. Don't erase.
