Chances are you already know the NRA's Three Rules of Gun Safety (1. ALWAYS keep the gun pointed in a safe direction; ALWAYS keep your finger off the trigger until ready to shoot; ALWAYS keep the gun unloaded until ready to use.), and those rules will always apply...everywhere, every time, every gun, every person. But when you're heading into the field with a firearm, there are some additional ...

the NRA, the Instructions for Butt Markers and the regulations governing the administration of the ranges, which can be seen in the Range Office. In the interests of safety, any breach of these Regulations is to be reported immediately to an official of the NRA.

NRA » Safety - NRA

Today, a fair deal of the organization's funds and resources go towards firearms education and safety. Founded in 1990, the NRA Foundation provided a means for the NRA to raise funds needed to run educational programs informing the general public about safe gun practices. The NRA has a list of 10 fundamental rules for gun safety. The first ...

10 Top Gun Safety Rules Upheld by the NRA | Newsmax.com

NRA Safety Rules The fundamental NRA rules for safe gun handling are: 1. ALWAYS keep the gun pointed in a safe direction. This is the primary rule of gun safety. A safe direction means that the gun is pointed so that even if it were to go off it would not cause injury or damage. The key to this rule is to control where the muzzle or front end of the barrel is pointed at all times. Common sense ...

There are many different types of firearms, some of which require additional safety rules or procedures for proper operation. These should be in your owner's manual. Also, most sport-shooting activities have developed a set of rules to ensure safety during competition. The rules may be different from sport to sport, so always listen carefully to your instructor or range safety officer.
