Noted for its short stature, Echinacea 'Sensation Pink' is a dwarf Coneflower that stands out with its profusion of large, intense pink flowers, 3 in. across (7 cm), adorned with flat, hot magenta pink ray petals surrounding a dark chocolate central cone. As they mature, the vibrant blossoms turn to softer lavender pink shades.

~~Echinacea 'Sensation Pink' (Coneflower)~~

Deep rose pink petals surround the central cone of this pretty Echinacea. Like all Coneflowers, Echinacea purpurea 'Primadonna Rose' blooms over the entire summer, attracting pollinating insects to the garden. This variety is free flowering with a compact, branching habit. Like all Echinacea, the daisy-like flowers are useful for cutting and can be used either fresh or dried.

~~Echinacea purpurea 'Primadonna Deep Rose' Coneflower~~

To make a tincture, I finely chop one-half cup of Echinacea roots and leaves, place it in a small jar, and cover it with 100-proof vodka. After a good shake, the jar goes into a dark cabinet, where it is shaken daily. After three weeks, I filter the echinacea tincture through a coffee filter and pour it into a dark bottle, kept in a cool cabinet.
