The 'Other' Hollywood That Offers Product Placement Halfway across the world lies the nation that created Bollywood. India is a beautiful mesh of varying sub-cultures, languages, religions, and historical landmarks, and the producer of one export that offers marketers around the world a tremendous advertising opportunity.

~~Secrets to Product Placement in Bollywood Movies~~

Feature Films Until recently, feature films have traditionally had very low dollars for brand involvement - with the majority of product placement driven by trade and loan of goods through product placement agencies. TV networks have the mindset that their content is able to be monetized, based on their ad sales department advertising deals.

~~How To #29: How Much Does Product Placement Cost~~

In layman terms, product placement is the promotion of branded goods and services within the context of a show or movie (or even personal videos) rather than as an explicit advertisement. Whether it's good or bad, successful or not, paid or free can be understood a little better as you read along. Just a disclaimer, most of this is in the context of Indywood (for Hollywood aficionados here's a good read). Product placements in Bollywood movies: Examples and Tips . History
