Microsoft Azure, commonly referred to as

Read PDF Programming Windows Azure

Azure, is a cloud computing service created by Microsoft for building, testing, deploying, and managing applications and services through Microsoft-managed data centers. It provides software as a service, platform as a service and infrastructure as a service and supports many different programming languages, tools, and frameworks, including both Microsoft-specific and third-party software and systems. Azure was announced in October 2008, started with code
