The Renault Scénic is a compact multi-purpose vehicle (MPV) produced by French automaker Renault, the first to be labelled as such in Europe. It is based on the chassis of the Mégane small family car. It became the 1997 European Car of the Year on its launch in November 1996. The second, third and fourth generations have a model called Grand Scénic, which has seven seats rather than five.

car produced by the French car manufacturer Renault since the end of 1995, and was the successor to the Renault 19. The Mégane has been offered in three and five door hatchback, saloon, coupé, convertible and estate bodystyles at various points in its lifetime, and having been through three generations is now in its fourth incarnation.
