 If they and their organizations are to survive, managers at all levels must be at the forefront of planning for and coping with trends, factors, and problems requiring more effective management. This book focuses primarily on the first tier of management, which generally is referred to as the supervisory level, or supervisory management.

Chapter 1: The Supervisory Challenge and Management Functions
 Definition of Supervision: "Supervision is getting the job done through others." This classic definition of supervision states the relationship between supervisors, subordinates, and work. However, it doesn't explain how to be a delegator, a decision maker, a coach, an instructor, a motivator, or most importantly, a leader.
