They say it is a metropolis - that miles of
streets and houses exist down there -
banished forever from the light. Others claim
there is no underground city - that the town
below the ground isn't real. It is a fairy-

It's interesting in parts but there's just not that much about the actual "town below the ground" itself. The first part of the book covers the geographical history of the area and the original fortifications which became Edinburgh. Then there is some stuff about the actual underground of Edinburgh which was interesting but there just wasn't ...
