Cravings contribute to alcoholism especially if patients have low blood sugar or problems

metabolizing alcohol.

As a biochemist, Hoffer reasoned that niacin (vitamin B3) could restore mental health, even after repeated episodes of drinking.

for Alcoholism

Alcoholics suffer from a nutrient deficiency, especially vitamin B3.

This work outlines the nutritional factors proven successful in treating alcoholism. It can help those who suffer from alcohol addiction, their friends and loved-ones, and those in the relevant helping professions.
