Abstract: A companion volume to Exploring the Modern: Patterns of Western Culture and Civilization (Blackwell, 1998). Both volumes offer a perspective on the central features of what we take to be western modernity, drawing on literature, art, cultural history, and theory. This volume pursues the theme of transgression, in that what is construed as 'other' can both be devalued and

Transgressing disciplinary boundaries ... [is] a subversive undertaking since it is likely to violate the sanctuaries of accepted ways of perceiving. Among the most fortified boundaries have been those between the natural sciences and the humanities. -- Valerie Greenberg, *Transgressive Readings* (1990, 1)
